

Busy Fire Safety Season for D.S.F.S. and Staff

The Delaware State Fire School participated in over 55 programs in the month of October. Visits to schools, libraries, civic clubs and Fire Department Open Houses, keep the Fire Safety Instructors very busy.

A display was placed at the Governor's Fire Safety Conference and assistance was providing to the Fire Commission with another successful event. "Risk Watch" continues to grow with more and more classrooms participating.

Early October saw very successful events take place in Christiana, Townsend, Clayton and Cheswold. In spite of heavy rain, Bridgeville's Apple Scrapple Festival was still well attended for those inside of the Fire Station.

On the 15th Open Houses were held at Brandywine Hundred, Dover Air Base and Georgetown.

October 12th and 19th saw the Fire School present at six events respectively on each day. The staff of the Fire School also assisted throughout the month with Wake Up Delaware Smoke Alarm distribution.

The entire Staff of the Fire School remains dedicated to the promotion of Fire Safety and providing assistance to Delaware Fire Companies in presenting programs to keep citizens safe.
